

# Derma Therapy

## Advanced Care for Dry Skin -- Heals very dry skin the way Nature does

### Alpha Hydroxy High Potency Moisturizer

Designed for very scaly looking skin. Smooths and softens through the combined moisturizing action of both urea and alpha-hydroxy acid (lactic acid). This effective cream helps moisturize skin that has not been successfully treated by other products.

### Heel Care

Effectively moisturizes and softens hard, dry calloused heels and feet often associated with diabetics, seniors and athletes.

### Finger Care

Moisturizes and softens lancet hardened fingertips. Softens and conditions dry cracked cuticles and hangnails.

### Hand Elbow Knee

This unique Urea and pure Silk Protein cream effectively moisturizes these problem areas, leaving them feeling silky smooth. Very dry hands and thickened skin is characteristic of Type 1 diabetes.

### Body Lotion

Our effective combination of Urea and pure Silk Protein enables this elegant feeling moisturizer to help dry skin feel silky smooth. Now available with a pump bottle.

### Face Care

Helps facial and delicate skin feel silky smooth. This unique moisturizer is enhanced with pure Silk Protein plus other fine emollients. Excellent under make-up.

### Foot Massage

Soothes and refreshes hot, tired feet. Formulated using the finest camphor, menthol, mint and other ingredients. Excellent for people who need to pay attention to their feet; such as diabetics.

### LesPain

This unique patented analgesic moisturizer relieves dry itchy skin, minor abrasions & insect bites.

### Barrier Hand Protection

Pharmacist Darryl Chemel has combined the doctor-trusted moisturizer Urea with pure Silk Protein to help make skin feel soft and smooth. Does not contain petrolatum which can threaten the integrity of latex gloves. Urea, a manufactured ingredient, is well accepted by the skin, actually helping it to absorb and retain more moisture. Silk Protein, derived from pure raw silk, imparts a wonderful non-greasy silk sensation. Silicone creates a barrier to help protect the skin. Now you can both protect and moisturize your very dry skin.

| Product         | % Urea | Container             | Fl.oz/ml       | Retail         | Cost |
