

Introducing

Econo-Foam

Vittoria Phoenix is still Canada's leading distributor of Smithers Bio-Foam® but in our experience one type of foam is often not enough to satisfy all needs

Now we can offer an economical alternative that offers these benefits:

Lower priced alternative to Bio-Foam

Easier clean-up

Initial tests indicate the foam is softer than Bio-Foam and may be better suited to casting diabetic/sensitive feet

Case quantity: six kits per case (6 pair of foam blocks)

Block size: same as Bio-Foam 2" x 6" x 14"

Your cost: Single Case	\$25.50 per case
10 cases to 35 cases	24.20 per case
36 cases or more	23.00 per case
