INDEPENDENT TESTS  
 CONFIRM THAT

IS A SUPERIOR PRODUCT  
 TO PLASTAZOTE®

P-Cell™ is superior to Plastazote® in cushioning, shock absorption, tensile strength, moisture absorption, and abrasiveness.

**P-Cell™ is the perfect solution for multiple industries!**

| ATTRIBUTE                  | <b>P-CELL</b>                            | Plastazote® | RESULTS  |
|----------------------------|--|-------------|--|
| <u>Cushioning</u>          | LONGER LASTING<br>                       |             | P-CELL™ "packs down" 27% less than Plastazote®!  |
| <b>SHOCK</b><br>ABSORPTION | GREATER COMFORT<br>                      |             | P-CELL™ absorbs shock 41% more than Plastazote®!   |
| <b>TENSILE</b><br>STRENGTH | STRONGER<br>                             |             | P-CELL™ has 114% greater tensile strength than Plastazote®, which results in less tearing. |
| <b>MOISTURE</b>            | ABSORBS LESS MOISTURE & PERSPIRATION<br> |             | P-Cell™ deflects moisture 239% BETTER than Plastazote®!                                    |

**INDEPENDENT STUDIES\*\* HAVE SHOWN THAT P-CELL™ IS:**

**HYPO-ALLERGENIC  
 NON-TOXIC  
 NOT A SKIN IRRITANT**
