Superfeet Footbeds - Proven Comfort and Relief.

Over 25 years of experience and over 40 patents have gone into developing the design and function of our footbeds. We have developed a unique shape and patented elements that work together to provide long-lasting comfort and support. From work shoes, to sport shoes and boots, to casual and dress shoes, there's a Superfeet footbed for every kind of footwear.

Support and balance, every step of the way.

Our patented shape and materials offer total foot support to:

- control over-pronation and improve balance
- reduce stress on muscles and joints
- lessen fatigue and improve endurance
- improve shock absorption

Wearing Superfeet will help reduce foot pain and improve your overall health and well being. We guarantee it.

Shown here:
Synergizer Green

Synergizer™ Line

The Synergizer line is our group of Trim-to-Fit products designed for everyday use as well as for sports. All Synergizers offer total foot support to control over-pronation and improve balance. Synergizers also enhance endurance, improve shock absorption, and reduce heat and friction inside the shoe.

Green

Provides maximum support, stability, balance and shock absorption. Ideal for ski, snowboard and hiking boots. Great for running and walking shoes.

- For looser-fitting, higher volume footwear
- 50% more foam than the rest of the Trim-to-Fit line
- NEW! Now available in JUNIOR SIZES

Blue

This versatile footbed works in almost any kind of footwear. Recommended for casual and soccer shoes.

- For tighter-fitting footwear
- Unique shape offers comfort for flatter or sensitive feet
- Easy to fit into most shoes
- NEW! Now available in JUNIOR SIZES

Black

The unique, ultra-light design is ideal for golfers – providing them with superior support and a higher level of comfort. Also recommended for men's dress and casual shoes.

- Unique capsule design offers the right amount of comfort and support for people on the go
- Lightweight, slim shape

Grey

Designed to be worn in footwear where the heel is higher than the forefoot. The patented ramp angle support is ideal for cycling shoes, ice skates, cowboy boots, and women's casual footwear.

- Ultra-thin and lightweight design
- Shaped to fit into hard-to-fit shoes and boots

DressFit™ Line

New DressFit inserts are specially-designed inserts for dress and tighter-fitting casual shoes. Their unique design provides balance and support, and helps relieve pain, fatigue and toe "squish." Podiatrist-recommended DressFit inserts are slim, lightweight, and guaranteed to make all dress shoes more comfortable.

All DressFit inserts provide these unique benefits:

- Lightweight • Easy to fit • All day and night comfort • Doctor recommended
- Virtually invisible when in use • Sized to fit feet perfectly

DressFit for Women's High Heels

Optimal support for all high heeled shoes and boots with heels over 1" in height.

DressFit for Women's Flats

Designed for both fashion and comfort women's shoes with a low heel or no heel at all.

DressFit for Men's Dress Shoes

This versatile insert provides comfortable support for men's dress, boat and casual shoes.

Industrial Line

Superfeet's Industrial footbed features the same patented Superfeet shape that's found in our other Trim-To-Fit products. They are an affordable way to improve fit and comfort and provide relief from ankle, knee, hip and back pain on the job.

ESD - Anti Static

Great for those who stand for hours and need the added protection of anti-static. This footbed is designed to be worn in both ESD and Conductive footwear. (Will not make regular footwear electrostatic, dissipative or conductive.)

- Meets ANSI Z41 standards (1991)
- Slim design fits into most shoes and boots
- Durable, lightweight Engage® Foam with Insite™ Technology
- Value priced

Wherever life takes your customers or employees, Superfeet will help get them there in comfort. All of our footbeds feature our unique patented shape to provide long-lasting comfort, support and balance, whatever the activity.

**Growing feet also need Superfeet comfort and support!
Junior sizes now available for Synergizer Green and Blue**

Barbara has lost over 120 pounds with the help of her Superfeet footbeds!

"The kind of pain I used to suffer from was so debilitating that I had pretty much given up the idea of ever being healthy again, and at the ripe old age of 38 that's pretty sad...a podiatrist recommended your product and I wasn't so sure it would help me, but after a month I was convinced that your product was the best invention in the history of man!!!..... **I truly believe your product has saved at least one life, mine.** Thank you."
